## Request for Naming of Road

Below, representing the majority of Property Owners on the Road in question, are in agreement to name our Road as indicated below. We understand that Roads with established names may not be renamed. Those are Roads recognized by Ontario Ministry of Transportation (MTO) or which have had official like signage for more than 10 years. Road names must not duplicate Road names in neighbouring jurisdictions. Submitting this request does not guarantee the Road name will be changed.
